## AAA Recreational Fishing Code of Conduct

### Our Fishery

Treat all fish humanely.  
Quickly and correctly return unwanted or not legal catch into the water to maximise the chance of survival.  
Take no more than your immediate needs.  
Value your catch and keep it in good condition for eating.  
Understand and observe all fishing regulations.  
Use only legal fishing tackle and attend your gear.  
Support and encourage activities which maintain, restore and enhance fisheries and fish habitats.  
The philosophy of "Catch and Release" should be considered.

### Our Environment

Do not leave litter anywhere. Use rubbish bins when available, or take rubbish away with you to prevent pollution and to protect wildlife.  
Wherever you go, leave the place clean and tidy, and take away other people's rubbish if that is possible.  
Do not do anything which will or may damage the marine, coastal or land environment.

### Our Community.

Respect local, state and national rules and laws, the rights of property owners, and the rights of others.  
Observe the rules of common courtesy whenever fishing or travelling.  
Try not to overcrowd and do leave room for fellow anglers.  
Offer aid and assistance wherever it is needed or it would be helpful.  
Inform and encourage other people to adopt a similar code of conduct.

## **A message from the AAA Boating Sub-Committee Chairman**

On behalf of the AAA and the AAA boat fishing sub committee I would to welcome all of you to the 2007 State Boat fishing championships.

The AAA extends its thanks to the Ocean Reef Sea Sports Club for hosting this-years event. The time and effort that has been put into organising the championships has been substantial. If it was not for those dedicated few who give so generously of their time, events like this would simply not happen.

On behalf of the AAA boating sub committee and the boat fishing community, I would also like extend our gratitude towards all of our sponsors. All of our sponsors are featured in this year's championship booklet. Please do all you can to support these businesses.

Sponsorship is a vital component of the State Boat Fishing Championships. Without the fantastic support of our sponsors we would be without trophies and prizes and the all the important equipment needed to run these events. Additionally, sponsorship of state events provides much needed funding with which the AAA is able to actively protect the interests of amateur fisher-people.

The waters off Ocean Reef offer exceptional fishing and so we anticipate a wide variety of species being caught and the competition to be fierce particularly among those local clubs who fish in the area routinely with their respective club competitions.

We do encourage you to pay particular attention to the AAA fishing code of conduct and ask that you respect the facilities. The ramps at Ocean Reef are busy at this time of year so please be mindful of members of the public who wish to launch and retrieve. To that end, please keep the slipways and jetties clear to avoid unnecessary congestion in the harbour.

Finally, thank you to all participating clubs. Please make sure you follow all recommended safety procedures and keep yourselves safe out on the water. Have a great days fishing and we look forward to seeing you back in safely for a magnificent weigh-in.

Andy Cass  
Chairman, AAA Boating Sub-Committee

## Welcome to the Ocean Reef Sea Sports Club (ORSSC)

On behalf of everyone at the Ocean Reef Sea Sports Club, I would like to extend a very warm welcome to the Australian Anglers Association, its affiliated Clubs and their members and all those visiting our club for the 2007 AAA State Boat Fishing Championships.

For those who may be visiting our club for the first time or who are not familiar with the ORSSC, we were founded in 1973 and were formerly known as the Whitfords Sea Sports Club.

The club's roots extend back far beyond the formation of the club in 1973. Families settled shacks at Whitfords as early as 1933 and a number of those families are still members of the club today.

The Whitfords beach shareholders sold the 1500 acres at Mullaloo Point in 1960 and the shacks were levelled in 1972. At the time of the opening up of land in the Whitfords area for residential purposes, the Whitfords Sea Sports Club was founded (18th July 1973).

Early activities took part from Mullaloo Point and continued at that location until May 1979, when the club moved to temporary accommodation in Ocean Reef.

The Clubhouse was opened on 19th July 1980 and marked the beginning of club life at the Ocean Reef Boat Harbour. In July 2005, having enjoyed 25 years at the Ocean Reef Boat Harbour, the membership voted to rename the club the "Ocean Reef Sea Sports Club".

Whilst there have been changes throughout the years, the Objectives of the Club have remained unchanged with the club growing in strength built on the foundation set down by its founders and early members.

Our Club is very much a family club. There are two function rooms, a galley, two bars plus an outside lawn area with a playground for the children. The club has two hardstand areas for members with trailerable boats.

Members may partake in any of five sections. Members can enter into the Angling competition which is the first Saturday of the month or race their Yacht every Saturday during summer (Fortnightly during winter). Alternatively, they can go

cruising with the Power Boat Section, or diving with the Diving section, or simply take advantage of the beautiful view while relaxing with friends.

We hope you enjoy your visit with us. If you have any questions or queries please ask and a member of the ORSSC team who will be only too pleased to assist. In the meantime, we hope you and your fellow team members enjoy a successful days fishing on the 24<sup>th</sup> and may the best club win.

Ken Treen  
Commodore, Ocean Reef Sea Sports Club.
